

NTN-SNR launches its new 2018 suspension catalog

Fully dedicated to suspension, this new 360-page catalog contains over 500 references, including 160 new introductions. It offers a wide range to automobile distribution and repair professionals covering all the brands of the European and Asian market.

In order to meet the growing requirements of professionals, NTN-SNR now offers a range of 100% original quality:

- 378 front and rear suspension kits (KB***.**)
- 59 strut bearings (M2**.**)
- 18 rear suspension arm kits (KS5**.**)
- 50 strut bushes (KBLF*****)

New edition of the catalog includes products for new vehicles such as Dacia, Daewoo, DS, Jaguar, Jeep, Porsche, Smart и Nissan Qashqai.

NTN-SNR provides all catalogs on its web site, the link to download:
